

Brief City News

PERSONAL MENTION.

A. H. Howe arrived in the city last evening from Tombstone and will spend the next week here on the Evening Miner editorial staff.

H. E. Berner, clerk of the board of supervisors arrived in the city last evening and will spend today here looking after official business.

Dr. E. W. Baum left last evening for El Paso, where he will meet his wife and daughter returning from the east.

J. B. Gillespie left the city last evening, his destination being Memphis, Tenn., where his mother-in-law is critically ill.

C. H. Eaton, travelling freight and passenger agent of the Chicago, Burlington & Quincy railroad, arrived in the city yesterday morning from his headquarters in Los Angeles and will spend a couple of days in the district looking after business for his road.

F. J. Woodward left last evening for Jaffingham, Ill., intending to spend the next few days visiting relatives.

S. M. Shattuck, traveling passenger agent for the Baltimore & Ohio railroad arrived in Bisbee yesterday morning from the west and after spending a couple of days in the district, will return to his headquarters in Los Angeles.

John H. Talbot, the well known Cananea mining man, arrived in the city last evening and after spending today here will probably make a trip to the Leadville properties near Glenwood.

W. G. Hubbard is at Hereford looking after his stage line interests at that point. He will leave Saturday morning for Missouri.

"Jimmy" Nichols has returned from an extended trip to Chicago, Buffalo, Canada and other points. He reports a great time.

Mrs. Dugan and daughter are in the city from Texas, on a visit to Mrs. Dugan's mother, Mrs. Robert Hennessey.

WHAT DO YOU THINK?

Sweet Clover Butter weighs sixteen ounces to the pound, is it butter?

Ask to see the new Hats that came in today at The Toggery. They are dandies.

WILL BURY JASPER SATURDAY.

The many local friends of John Jasper, who died in this city about a week ago after being confined in the Copper Queen hospital with a disease which the physicians and surgeons were unable to check, have decided to have the funeral Saturday afternoon at 2 o'clock from the undertaking parlors of Fletcher & Hennessey, on Railroad avenue. Owing to the attitude of the deceased's brother in Jersey City, his brother bartenders have taken the matter in hand and arranged for his burial.

OFFICER THROWN FROM HORSE.

Deputy Sheriff Frank Bauer, stationed at Lowell, was thrown from a horse yesterday afternoon in the suburb but escaped serious injury. The horse was a broncho and Bauer mounted him in front of the Palace stables where the open space is very limited. The horse began rearing and rearing, throwing the officer on his back on the ground. Bauer is an expert rider but had not had time to get in the saddle.

Did you ever try to catch and hold a greased pig? Go to the skating rink Saturday night and see the boys try to win \$2 by performing the feat.

BOY HAS NARROW ESCAPE.

George Henniger, the fourteen-year-old son of George Henniger, the well known local property owner, had a narrow escape from serious injury last evening while riding his horse on Naco Road. The boy was riding at a lope, when suddenly the horse shied to one side throwing him in the opposite direction. The young fellow struck his head in falling but outside of being rather badly shaken up, he escaped without any injury.

SLIGHT ACCIDENT ON NACO ROAD.

Yesterday afternoon while returning from the baseball park at Don Luis, the crash of automobiles and carriages on Naco Road led to some rather narrow escapes, only one accident however, and that a slight one, was recorded. The driver of a horse and buggy pulled back into the road directly in front of an automobile, the driver of the latter being unable to stop his machine before it bumped the rear end of the carriage. The damage was very slight.

Plenty of fun at the Skating Rink Saturday night. Watch the boys try to catch and hold the greased pig. Two dollars to the winner.

A masquerade ball will be given at the clubhouse, Upper Lowell, Friday, October 18, 1907, by the Ladies' Amateur Club. Spectators 25c admission. 701

BEGIN LAYING STEEL.

Yesterday morning a force of workmen commenced the task of laying the steel over that portion of the grade of the Warren electric car line which will connect both ends of the district. Manager Cleve Van Dyke of the Warren company drove the first spike, with a number of residents of that end of the district on hand to witness the ceremony. No statement could be obtained last evening in regard to the actual length of time it will take to have the road in operating condition as far as Bisbee, but as a long stretch of rail was laid from the Lowell end of the line yesterday, it will probably not be more than a couple of weeks before the completion of the line at least as far as Lowell.

IT IS YOUR FAULT.

If you don't use the best butter. Try Sweet Clover Butter and be convinced.

BOYS.

A fine opportunity for good hustling boys, that are going to school to make money. For particulars call at Review office.

ZIFCOVICH CASE DISMISSED.

By order of the city attorney the case against Nick Zifcovich was dismissed today in Judge Hogan's court. The plaintiff in the case was unwilling to swear out a warrant against the defendant, John Zifcovich, who is alleged to be a close acquaintance of Borg, and no further will be done toward recovering the \$200 alleged to be lost through someone pawing over \$500 worth of diamonds and failing to turn the owner of the stones, Mrs. Owens.

SPECIAL AT THE IRIS.

The Iris theater is now running three pictures, all of them being out of the ordinary. The first of these is the dramatic play, "A Life for a Life." Among the scenes is a picture of the penitentiary at Yuma. The picture is full of human interest and has pleased all who have seen it. "The Nine Lives of a Cat" provides the proper amount of comedy to the program and is unusual in its line. The third and feature picture, "The Red Specter," is the latest creation of the master picture maker, and has so far defied the keenest intellects to figure out how it was made. This film is hand-colored throughout its entire length of 900 feet and is really a picture of the highest merit. Those who are interested in the original, the mysterious and the puzzling should not overlook an opportunity to see this and the rest of the program.

Don't fail to see the greased pig chased by boys on roller skates at the Rink Saturday night. The winner gets \$2 in cash.

Ask to see the new Hats that came in today at The Toggery. They are dandies.

Ranch eggs and spring chickens, 64 Main St. Phone 210. James Beard.

ORPHEUM HAS GOOD PROGRAM.

The program presented at the Orpheum deserved the good attendance with which it met. The principal feature of the evening was the first appearance of the "Three Dots," who put on something that is hard to find—original acrobatic stunts. They were generously applauded throughout their performance. Mr. De Lane repeated his renditions of female impersonating with his usual success.

MARRIED.

Jno. R. Larson and Annie McKay were married Wednesday night by Judge Hogan. The bridegroom is a fireman who runs between here and Osborn, and the bride is a professional nurse. Both are well known, and will make their home in Tombstone canyon.

O'NEILL FINED \$60.

O'Neill, the man tried and found guilty in Judge Burdick's court of beating a board bill, was fined \$60 yesterday by the court. He gave notice of appeal to the district court.

BROKE COLLAR BONE.

A man named Anderson, who has been at work for some time on the warehouse being erected for the Copper Queen company, slipped and fell about fifteen feet yesterday morning and is laid up in the hospital for repairs. As a result of the fall his collar bone was broken, face was badly bruised and he was shaken up pretty thoroughly all over. His injuries are not considered to be of a serious nature and he should soon be able to be about again.

"OLIVETTE" PROVES A HIT.

The Columbia Opera company under the direction of Charles N. Holmes, played their second night in Bisbee last evening, and produced "Olivette," the old-time light opera, which for years past has proved a success, and lived up to its reputation last evening. Ben Lodge, the comedian, easily carried off the honors with his Coquelicot. He was really funny and delivered a large bunch of original stuff in the inimitable manner which has made him well known throughout the country. Carlotta Gillman in the title role did very well, being possessed of a sweet voice and having an extensive knowledge of how to use it. Holmes as Valentine also did well. In her "Teddy Bear" song, Patsy Gordon failed to embarrass Olivette, the well known local play-actress, who she picked out as the object of her attention, but nevertheless made a hit.

ATTENTION, CREDITORS.

Creditors who hold Dues & Overlock receipts for stock purchased, which has not been delivered, are requested to meet at the rooms of Judge Burdick, Muhlen building, at 8 o'clock this evening, for the purpose of taking proper proceedings to protect their rights.

J. E. PARKER.

A. S. RICHARDSON, L. D. BAILEY, Committee.

MEXICAN CHILD DEAD.

A nine-months-old boy named Manuel Franco died yesterday on Chihuahua hill. His parents being unable to bear his funeral expenses, he will be buried at the expense of the community.

SWITZERLAND IMPROVES.

Jos. M. Muhlen, who has recently returned from a visit to his native country, Switzerland, states that his fatherland has made some wonderful improvements in the last twenty years. Most noticeable is the use of the water falls in that country for developing electric power, which is put to every conceivable use. While away, Mr. Muhlen, in company with C. Martinehl, also a native of Switzerland, visited France, Germany, Italy and London. Mr. Martinehl went from El Paso to California on the return trip, and has not yet returned to Bisbee.

Ask to see the new Hats that came in today at The Toggery. They are dandies.

CAIN-QUAYLE.

William F. Cain and Margaret Quayle, both residents of Bisbee, were married on the 16th inst. Rev. Hugh Copeland officiating.

TO HOSPITAL WITH FEVER.

The 15-year-old son of L. J. Jackson was taken to the Copper Queen hospital yesterday. He has been sick ever since his return from the high school picnic held several days ago, and is now seriously ill with an attack of typhoid fever.

COUNTY TREASURER HERE.

J. N. Gaines, treasurer of Cochise county, arrived in the city last evening from the county seat and will spend today here on official business.

The annual meeting of the stockholders of the El Paso & Southwestern Railroad Company for the election of Directors to serve for the ensuing year, and all persons having claims against the said railroad company, or such other business as may properly be brought before the meeting, will be held at the office of the company, No. 99 John Street, New York City, N. Y., on Monday, November 11, 1907, at 12 o'clock noon.

J. Brown, storekeeper, Bisbee, Arizona, the same being the place for the transaction of the business of said estate, in said County of Cochise.

JOSEPH BARTCH, Administrator of the estate of Joseph Kreuzer, deceased.

First publication Sept. 24, 1907.

BASEBALL FEVER.

(Cananea Herald.)

The baseball fever has Cananea in its grasp and not alone Cananea but seemingly every city or town of any importance in the Southwest. The newspapers of each city are booming their teams to the skies and telling of the grand things they can, and will do. Cananea has not said much but confident that we are "there with the goods." Local fans confidently expect to show the world this city carrying the championship trophy from the other towns of the southwest. It is a good sign that the southwest is so stirred up about baseball. It is a healthy, interesting, and in most cases, a clean sport. There is no greater mind easier and no safety valve for the hardworking man better calculated to help, than the yell of enthusiasm which he emits when his favorite makes a good play. Let the game go on. Play ball!

GOLD BELT.

The Gold Belt Development & Reduction company has again resumed the shipments from their copper property, though on a smaller scale than formerly, says the Moreland Leader. The shipments are being made by wagon to Moreland and from there by rail to the Shannon smelter at Clifton and comprise only high grade ore, as the present price of copper will not permit of shipments from the low grade ores. Work is still continuing, however, on the low grades and the ore is being held in reserve for future sale.

Aside from the copper showings of the company, work is progressing on the gold claims where new ore is being blocked out daily. It having been already demonstrated that the company has sufficient showing in the gold values to warrant the creation of a mill, plans for which are now being looked into by Manager Beauchamp who is at present on a trip of inspection of some of the other mining properties of the territory.

The showing made by this company is most gratifying to those who are interested in it and the management is to be commended for its policy in the conduct of the company's affairs as well as the development course which has been pursued.

STOCKHOLDERS' MEETING.

Notice is hereby given that the annual meeting of the stockholders of the Ronquillo Copper Company will be held on the 24th day of October, 1907 at 8 p. m. in the offices of F. A. Sutter for the purpose of electing a board of directors for the ensuing year and for any other business that may come before the meeting.
